Had a great week...everything that was required was available – well done management and staff.

.... It is so rare to find holiday accommodation that is so well equipped, a real home from home where we can go with confidence that Christopher's needs will all be met – thank you so much.

By far the best disability holiday accommodation we have found in thirty years – so well equipped. Mandy just loved going around the village on the scooter.

The S. Family, Hampshire

Had an excellent week at Berwick Cottage - facilities great for our son Greg especially the overhead hoist. The cottage was spotlessly clean and very comfortable.

The R. Family, Fife

The cottage facilities were all that we hoped that they would be, really excellent. We will certainly come again.

The E. Family, Cheshire

One of the best holiday houses we have ever stayed in with the equipment here. We will certainly come back!

The cottage is superb, our first experience of having all facilities on one level (no need for the stair lift – Hurrah!!!) All the equipment was great – better than home.

The M. Family, Leicester

A lovely cottage – much better equipped than we expected. We appreciated so much space for Joanne's wheelchair and she really enjoyed being able to take a bath.
