Another relaxing visit to this lovely and well equipped house. We really enjoy the privacy, peace and quiet....

The R. Family, Fife

Earlier this summer we spent a week in an ordinary self-catering without disability equipment and we had to take so much with us it was like "flitting". In contrast this week has been SO relaxing and we are thankful we have discovered The Lin Berwick Trust. The house is great and I spent a lot of time in the conservatory listening to the bubble fountain!

The D.Family Stirlingshire

This is the first time I've stayed in a place where I have felt really comfortable; it was great to relax in the rise and recline chair.
